

Racer Details

What you need to know.

Racers,

Congratulations on racing in the Durango Half Marathon on July 2nd. The majority of race details and instructions are posted to the website; www.DurangoHalfMarathon.com.

Here are some additional race day details you should know about:

Parking: (Race Morning)

- Please arrive at least 30 minutes prior to your wave to park and get ready for your start. Earlier if you did not pick up your bib on Friday.
- Parking is available at Animas Valley Elementary School (Start/Finish, 373 Hermosa Rd, Durango)
- If this lot fills up there is over-flow parking in a dirt lot on the west end of Hermosa Rd. Next to the railroad tracks. A short walk from there to the Start Line.
- **Please DO NOT park on the shoulder of Hermosa Rd or in the housing subdivisions.** You will be required to move, or your vehicle may be towed.

Chip Timing:

- Your bib has a timing chip on it. It will record the time you cross the start line and the time you cross the finish line.

Running Single File: (Please run as close to the shoulder of the road throughout the race)

- The start waves are to reduce the amount of runners that would occur with a mass start. This is to ensure that you are all single file as you cross the Hermosa Creek Bridge at about mile 1.5. **There is a narrow shoulder across the bridge and all racers must be single file while crossing the bridge.**
- For the entire race please run single file and as close to the shoulders edge to avoid any conflict with vehicular traffic. The course is **NOT** closed for public use or vehicular traffic.

Aid Stations:

- There are 4 aid stations approximately every 2.5 miles (give or take). Water & Tailwind Energy Drinks will be at all of them.
- Additional Food (Bananas, Cookies) will be at aid Station #2, the halfway point.

Porto Potties:

- Toilets will be at the Start/Finish.
- On course toilets will be located near Aid Stations 2, 3 and 4.
